

# Welcome Home!

## We hope you enjoy your stay!

### ❖ Essentials

#### ➤ Wifi

- ◆ Find the “WiFi Porter” in the Kitchen. Tap it with your phone or look on the back for network information.

#### ➤ Access Keys and Fobs

- ◆ A Key is needed for the main door.
- ◆ FOBs are needed to access the common areas, doors, and elevators.
- ◆ Extra FOBs and Keys are located in the basket by the front door

### ❖ Printer

- Need to print something? Y
- You can print from virtually any device – PC, Mac, Phone, etc. Be sure you are connected to the “TheMarkVacation” Network (find the Porter in the Kitchen) and select the HP Laserjet MFP printer from whatever application you are printing from.
- The printer is physically located in the cabinet under the living room TV

### ❖ TVs

- All of the TVs are smart TVs. You can Airplay or Cast to any of them.
- The TVs are signed in with generic accounts. You are free to use the accounts.
- Use “Freeplay” to access local TV with no sign in required.
  - ◆ Go to the App

- ◆ Navigate to “Live” on the main menu and
  
- ❖ Home Automation: Alexa
  - This unit is Alexa-enabled. There are no cameras inside the unit (the blink doorbell has a camera), and all privacy features have been enabled. If you prefer not to have Alexa enabled, please unplug them. They are in the kitchen, living room, patio, bedroom and bunkroom.
